

EMS Association Meeting
May 26, 2026

Meeting called to order at 7:06 pm

Previous Meeting Notes: Motion by Pratt/Adams to approve. All ayes

Financial Statement: Provided. Motion by Pratt/Adams to approve the report. All ayes

OLD BUSINESS

- Annual EMS system assessment/ Area 7 Grant: Chris is working on completing the report
- Shed Update: still waiting on government to give approval. Sam will take it down when we get approval
- Conference Location Idea: Swiss Acres is \$100.00 an hour. Just leave at EXPO this year and look into other spots for the next year.

NEW BUSINESS

- Education Report:
- IRS Letter: been sent just waiting to hear back
- AED Program Discussion: it takes a lot of work to get it done. Need to have people pay when they order them
- 2026 University of Okoboji EMS Conference: working on getting speakers. Still waiting to hear back from some of the speakers. Should we change our conference to 1 day instead of two. Add on to our survey about the conference. Work on the questions to get the information we need. People are contacting Deanne about coming to the conference to speak from other states, but they are really expensive. FOOD: looking into getting donations for food. Reach out to Walmart about donations. Boy Scouts are cooking breakfast again this year. Donation letters are ready and reach out about selling ads in our booklet to EMS companies.
- Classroom Podium: Bruce sent out email to everyone so we can choose one.
- Upcoming Training: Have some people that need to test out after taking the online training. Need to bring online certification in order to take the class to test out. A few other classes are scheduled and Deanne will be contacting instructors to teach classes.
- Adjournment. Moved by Adams/Mike E. to adjourn. All ayes. Meeting adjourned at 8:14 pm
